

Architecture & Construction

Architecture & Construction
Utah Career and Technical Education
CAREER CLUSTERS

Architecture & Construction focuses on preparing students for employment in careers that relate to the designing, planning, managing, building, and maintaining the constructed environment.

CAREER PATHWAYS

- > Architectural & Interior Design
- > Construction & Structural Systems

Each CTE Career Pathway culminates in an industry recognized credential of value.

FACTS

- > In Utah, employment of architects is projected to grow 4.1 percent through the year 2030.¹
- > In the U.S., the construction industry has more than 680,000 employers with more than 7 million employees.²
- > Carpentry, electrical, HVACR, and plumbing occupations are high-skill, high-wage, and in-demand.²
- > Less than 25 percent of women are employed in carpentry, electrical, HVACR, and plumbing occupations.³
- > Interior designers who keep up to date with the newest design tools, such as CAD software, will have improved job prospects.³
- > In Utah, an architect and those employed in the building trades must be licensed.
