Utah Career and Technical Education
CAREER CLUSTERS

Information Technology focuses on preparing students for employment in careers related to building linkages in IT occupations for entry level, technical and professional careers that relate to the design, development, support and management of hardware, software, multimedia and systems integration services.

CAREER PATHWAYS

- > Cybersecurity
- > Information Technology Systems
- > Programming & Software Development
- > Web Development

Each CTE Career Pathway culminates in an industry recognized credential of value.

FACTS

- > Tech occupations are high-skill, high-wage, and in-demand, especially in Utah.
- > Utah's tech sector is the fastest growing industry in the state.¹
- > Utah's tech sector supports as many as one in seven Utah jobs and as much as one-sixth of worker earnings in the entire state.¹
- > Last year, tech companies in Utah provided more than 118,000 jobs with an average wage of \$106,000.¹
- > Utah has deep consumer software roots. Ancestry.com, Overstock.com, Backcountry.com, and Vivint.com all started in the Beehive State.
- > With more than 1.13 billion websites and 5.3 billion Internet users worldwide, the demand for individuals skilled in digital media is high.²
