

HUMAN SERVICES

DISCOVER AND **EXPLORE** what you will learn by participating in one of the following **CAREER PATHWAYS**:

Family & Human Services Career Pathway

Prepares students for employment in careers that relate to families and human needs such as counseling and mental health services, family and community services, personal care and consumer services.

Personal Care Services Career Pathway

Prepares students with/for professional licensure in the hair, skin, and nail service industries including cosmetology, hair design, barbering, esthetician, or nail technician.

“My time spent [in CTE] gave me the opportunity to understand what working in a full-service salon would be like. I’ve learned customer service, time management, and work ethic. If it wasn’t for CTE, I wouldn’t have a plan for life after high school, and I wouldn’t know what career path to follow. CTE taught me the importance of hard work and what to plan for after high school.”
