Dear Parents/Guardian:

As part of your child's education, he/she has enrolled in a course that includes instruction on topics related to sex education. You are receiving this consent form because instruction and/or discussion of sex education topics are controlled by state law and Utah State Board of Education rule. Please read the form carefully, select **one option**, sign, and return to the teacher above. Your student will not be allowed to participate in class activities without this completed and signed form on file. Thank you.

Information

All instruction related to human sexuality or sexual activity will take place within the context of Utah State Law (53G-10-402) and Utah State Board of Education rule (R277-474) as follows:

- The public schools will teach sexual abstinence before marriage and fidelity after marriage.
- There will be prior parental consent before teaching any aspect of contraception or condoms.
- Students will learn about communicable diseases, including those transmitted sexually, and HIV/AIDS.

Program materials and guest speakers supporting instruction on these topics have been reviewed and approved by the local district or charter curriculum materials review committee.

The following are NOT approved by the State Board of Education for instruction and may not be taught:

- The intricacies of intercourse, sexual stimulation, or erotic behavior;
- The advocacy of premarital or extramarital sexual activity;
- The advocacy or encouragement of the use of contraceptive methods or devices.

In accordance with Utah State Board of Education Rule R277-474-7-4, teachers may answer spontaneous student questions to provide accurate data, correct inaccurate or misleading information, or respond to comments made by students in class regarding human sexuality.
