

Career Development Credential (CDC)

Suggested Transition Curriculum

One of the requirements of the Career Development Credential (R277-705-6) is that the student complete a class or curriculum that includes instruction in the following areas: disability awareness & accommodations, self-advocacy training, career exploration, and workplace soft skills. Below are suggested links to online curricula that LEAs can use to fulfill the requirement (this is not an exhaustive list).

Disability Awareness & Accommodations

- [Disability Awareness Videos](#)
National Collaborative on Workforce and Disability–NCWD
- [The 411 on Disability Disclosure Workbook](#)
